

# Holistic solutions for enhanced healthcare facilities

We offer a wide range of solutions that respond to today's healthcare challenges – from security and safety systems for people and assets, to care communication solutions, fire protection systems and complete building management systems.

## Building automation systems

Make your healthcare facility smarter with our automation systems and integrated solutions.

- 1 Building Management System
- 2 Room Controls, Valves, Sensors, Actuators
- 3 Maintenance Management System
- 4 Energy Storage
- 5 Smart Lighting

## HVAC

Bring comfort to patients and staff with our HVAC solutions.

- 6 Hybrid Cooling Systems, Chillers
- 7 Climate Chambers
- 8 Air Handling Unit
- 9 Heat Pumps
- 10 Rooftop Evaporators, Cooling Towers
- 11 HVAC Diffuser & Terminal Units
- 12 Air Quality & Humidity Controls

## Communications

Enable seamless communications around your facilities.

- 13 Care Communication
- 14 Assessment Booths
- 15 Operational Intelligence
- 16 Wireless Networks
- 17 In-Room Entertainment
- 18 Radio Systems
- 19 Public Address
- 20 Information Desk

## Fire, life-safety & hazard protection

Protect life and assets.

- 21 Incident Management
- 21 Voice Alarm
- 22 Clean-Agent Fire Suppression
- 23 Fire Detection
- 24 Fire Suppression
- 25 Fire Extinguishers
- 26 Smoke & Gas Detection
- 27 Fire Evacuation
- 28 Digital Addressable Fire Panel

## Security

Ensure patient and asset security all the time.

- 29 Operations Centre
- 30 Cyber Security
- 31 Retail Solutions for Hospital shops
- 32 Video Surveillance
- 33 Staff Attack Badges
- 34 Asset Tags with RTLS
- 35 Access Controls (Doors, Gates, Elevators)
- 36 Perimeter Protection
- 37 Baby Tags
- 38 Intruder Detection
- 39 Wander Patient
